

Canadian Contracting Services has been operating in the Parry Sound and Muskoka area for well over fifteen years. They are well known in the community, and have a great reputation as a quality builder and a great neighbour.

We, Canadian Contracting Services have an ongoing concern with the natural beauty and cleanliness of the lakes, rivers, and wildlife in the area. We respect the land and water that we live and work on when building your dream home or cottage.

Quality workmanship is very important to us, no shortcuts are taken that will compromise the end result. We are responsible for your final product, and as our history has shown, we do not leave you at the end of the project. We are in business to stay in business, we look after and service what we build.

When you care about what you do, It's as easy as 1,2,3.

We are a very much a diversified builder of new homes and cottages, custom built to suit your requirements in the Parry Sound Muskoka District. Canadian Contracting Services is well equipped, with four work barges to build or restore water access only properties, and of course road access properties.

Canadian Contracting Services is a one stop source - fully insured, qualified designer under the new Ontario Building Code provisions, licensed septic installer. Our staff of ten quality builders give us a whole range of building knowledge to get your home or cottage completed the way it should be - with pride and quality.
